

CLOSED

due to inclement weather

SAFETY:

We clear & close the pool as needed during inclement weather for our patrons & staff safety, in accordance with **CNICINSTR1710.3. Please adhere to the lifeguards' directions and facility policies. During closures for thunder/lightning, do not use the facility's showers and land-line phones.**

RAIN:

The pool will remain open during light rain; however, we will clear/close the pool if it rains hard enough to obscure the bottom of the pool. Pool will reopen only after conditions have improved.

THUNDER/LIGHTNING:

In the event of thunder/lightning, all persons must exit the water and take cover away from the water &/or outside the pool. The pool will remain closed for a minimum of 30 minutes; however, this countdown restarts at each sighting or sounding of lightning/thunder. For continual storm activity, the facility manager will determine if the pool will close for the remainder of the day. Please note that the facility will close as directed for T1 conditions or tropical storm/hurricane conditions as per base policy.
