# Youth Sponsorship Program

Okay.  
So what is it?

The CYP's Youth Sponsorship Program is comprised of youth ambassadors serving as immediate points of contact for youth new to GTMO. They welcome youth to GTMO and endeavor to make them feel more comfortable here in their new surroundings.

The team hosts welcome activities, distributes welcome packets, and promotes upcoming events and programs here in GTMO.

Even before arriving, the YSP can help relocating youth focus less on what they're losing and more on what they're gaining in their move. Youth ambassadors can answer questions about...

- The school
- Classes and teachers
- Extracurricular activities
- Sports and art opportunities
- What going on
- Iguanas and banana rats
- And what it's like to live in GTMO

Who better to answer these questions than another peer?

YSP works hand in hand with the S2S (Student-to-Student) team to connect arriving and residing youth to each other, their school, and the base community. They help youth get plugged in and develop a sense of belonging and community.

And parents? Parents feel good knowing their youth are better informed and therefore better prepared and more secure in relocating. With YSP, friendships with peers are forming quickly and early, **helping ease the transition and increase educational and social success.**
